Program Description

Interested in beginning a career in healthcare or earn money and gain college credit while continuing your educational? If so, enrolling in Health Careers is a wise choice! Healthcare careers are in high demand! Northwest Technology Center's Health Career Certification Program has been recognized by the Oklahoma Association of Career and Technology Educators as one of the best of its kind!

This program focuses on student goals and allows each to participant to create a clearly defined plan of individual study. Each student will work with the instructor to complete a program prescription" which will identify the program core and Career Pathway(s) the student will pursue. Students also participate in basic skills enhancement and activities that encourage leadership development. After successful completion of the program students are eligible to take the appropriate state or national certification examination as well as earn college credit toward associate and bachelor's degrees.
